GOOD PROGRESS MADE IN TRIAL

(By The Associated Press)
GRAND RAPIDS, Feb. 9.—Senator Truman H. Newberry's correspondence regarding the Gold Star club, organized by Thomas J. O'Brien, former ambassador to Japan, and other citizens of Grand Rapids, was introduced as evidence today in the trial of the senator and 123 others on charges of conspiracy in the 1918 election. In addition there was a telegram from Frederick P. Smith, manager of the Newberry estate in Detroit, to Commander Newberry in New York regarding election expenses and another of the defendant, was quoted as saying before the general election:

"We are going to get a real barrel this time."

The government piled up this with other testimony in a session whose speed had failed to establish a record for the trial, until it was halted by a lengthy cross-examination of the last witness. Many of the witnesses today were forgetful and Frank C. Dailey, assistant attorney general, had trouble extracting information from them.

The letters which mentioned Ambassador O'Brien were introduced while Claude T. Hamilton, vice president of the Michigan Trust company and chairman of the Kent county Republican committee, was on the stand. The defense tried vainly to exclude them because they were written in September, 1919, more than a year after the election involved in the conspiracy charge.

Hamilton's preliminary questioning by Mr. Dailey brought out that Hamilton had been "informed of the expense" connected with sending 10,000 Newberry form letters to members of the club. He said on cross-examination that Ambassador O'Brien prepared this circular letter.

The first letter mailed to Washington by Hamilton September 13, 1919, said that the county committee's budget had been exhausted in the campaign of the year before and that Hamilton "had to put up for the deficit."

It continued in part:

"We formed the Gold Star club, sending out a letter to each soldier's family in the county. The letter was signed by members who had lost sons or relatives in the war. It had a tremendous influence and was exclusively for the senatorial campaign. The cost was \$350 and I would be very glad if you would see that this was refunded."

The letter said that Congressman Mapes and John Blodgett, were familiar with the affair and added:

"Ambassador O'Brien, who is now in Washington, is also familiar with this matter; in fact, he served on the sub-committee which put this over."

Senator Newberry replied five days later:

"It seems that I should not contribute to the state central committee all that the law allows."

He added that he would consult Ambassador O'Brien and see if some friend can be found "to help. The correspondence indicated that the senator and ambassador did not meet and Hamilton wrote:

"I understand the circumstances and if you wish to make a contribution of \$350 to the Kent county Republican committee, I would be very glad to have you do so."

A few days later Hamilton said, he received from Detroit a check for \$350 signed by the Newberry estate.

"Did you reimburse yourself for the \$350?" asked Mr. Dailey.

"No sir, I put up for a deficit which amounted altogether to \$50."

"What did you do with the check?"

"I cashed it."

"Where did the money go?"

"To me."

On cross examination Hamilton could not remember that the check was signed by Frederick P. Smith, attorney in fact. He identified the voucher which he received as chairman of the county committee.

Bates O. Murfin, for the defense, then obtained from the witness a list of all campaign contributions sent to Hamilton in 1918. It was barred as evidence as not being germane to the direct questioning.

The Smith-Newberry telegram was dated August 6 of 1918 and read:

"Misinformed you this morning of the date of close of regular expenses. Should have said August 25. Circular work, advertising, clerical help, postage and all regular overhead expense will naturally continue until primary. Have written."

DEMOCRATS IGNORE PRESIDENT'S ADVICE

House Members Hold Caucus and Go on Record as Opposed to Universal Military Training.

(By The Associated Press)
Washington, Feb. 9.—Rejecting President Wilson's advice, house Democrats in caucus tonight went on record as opposed to universal military training by a vote of 166 to 17. The president in letters to Democratic leaders earlier in the day asked that action be withheld so the nation's stand might be left to its national convention. The rejection of the president's appeal was double in its scope, for before declaring against military training the caucus rejected 88 to 37, a proposal that all action on the question be deferred "at this time."

"It is the sense of this caucus," declared the resolution adopted by the Democrats that no measure should be passed by this congress providing for universal compulsory military service or training."

That no binding on the Democratic membership of the house, the caucus decision was interpreted by Representative Caldwell of New York, who led the fight against the caucus' action, as precluding the possibility of universal training being incorporated in the army reorganization bill that will soon be brought before congress.

"Unless there is considerable change in sentiment on the Democratic side of the house," he said, "it is quite apparent there are not enough Republicans who favor universal training to include it in the reorganization bill."

Nevertheless, it is anticipated that both house and senate will have to vote on the universal training proposal for it is included in the senate bill and Representative Kahn, Republican, California, chairman of the house military committee which is framing the house bill reiterated tonight his intention of pressing adoption of the plan.

GUNMEN'S WAR BREWING IN CHICAGO

(By The Associated Press)
BULLETIN
CHICAGO, Feb. 10.—The murders of Mo'c Enright, laborer and leader of Chicago gunmen, were made known to the police and detectives from the state's attorney's office in a session by Tony Cifaldi, an alleged Boston gunman, Maclay Hoyne, state's attorney announced late tonight. Four men were involved in a "deliberate conspiracy to kill Enright," the state's attorney said.

Chicago, Feb. 9.—A new gunmen's war was brewing today as a result of the murder last week of Maurice "Mossy" Enright, "king of the gunmen."

Police received a report that "Big Tim" Murphy, who was arrested in connection with the Enright murder but later released, and Edward "Spiker" O'Donnell, an Enright adherent had gone gunning for each other.

Captain John Hogan, commanding the stock yards district, scene of many gang wars, ordered Murphy and O'Donnell searched every time they appeared in public.

Mike Carozzo, who was released Saturday on \$10,000 bonds after being partially identified as the driver of the Enright death car, was reported today to have fled from the city to escape gang vengeance.

Seven more suspects, all Italians, were taken last night in a series of raids in the old Boston district.

"MAN WITHOUT A COUNTRY" FREED

(By The Associated Press)
NEW YORK, Feb. 9.—Charged with being an undesirable alien and ordered deported, Martin Dewal, known as "a man without a country," who has been in custody on Ellis Island for one year today stood on the threshold of freedom thru failure of the federal authorities to establish his Dutch citizenship. Federal Judge John C. Knox today ruled that Dewal's further detention was illegal and announced that upon filing proof that the defendant is unable to furnish a bond for \$1,000 he will "sustain a writ of habeas and discharge him from custody."

Dewal was arrested July 12, 1918, on alleged radical activities claimed to be a subject of Holland. He was ordered deported but The Netherlands consulate refused to issue a passport because the defendant was unable to give proof that he was born in Holland.

INDICTMENT QUASHED.

Rockford, Ill., Feb. 9.—On motion of Clarence S. Darrow, counsel for defense Judge R. K. Walsh in circuit court here this afternoon quashed the indictment found against Arthur Person, the first of nine members of the Communist Labor Party to face trial on charges under the new Illinois statute defining conspiracy to overthrow the government by force and violence.

WANT TO DEPORT RUSSIANS FROM SAN FRANCISCO

San Francisco, Calif., Feb. 9.—Resolutions expressing the desire of one thousand Russians residing in San Francisco to be deported to soviet Russia were forwarded today to the state department, the immigration commissioner and to Ludwig C. A. K. Martens, self-styled "soviet ambassador" to the United States.

SENATE ACTION ON TREATY DELAYED ANOTHER WEEK

Will Take up Urgent
Legislative
Matters

PACT SENT TO COMMITTEE

(By The Associated Press)
WASHINGTON, Feb. 9.—The peace treaty was formally brought back into the senate today but as soon as parliamentary barriers to its consideration had been removed it was put aside again at least a week. Suspending its rules by a bipartisan majority of seven to one and virtually without debate the senate reconsidered in short order the action by which ratification failed on Nov. 19, and then as a matter of formality sent the treaty to the foreign relations committee with instructions to report it back at once with the reservations framed by the Republicans at the last session of congress.

The committee expects to act tomorrow but it was announced tonight that Senator Lodge of Massachusetts, the Republican leader, would ask that its report be not taken up for senate consideration until next week. Urgent legislative matter, it was said, including appropriations and tariff legislation were expected to occupy the senate's time in the interval.

The complicated technical operation of taking the treaty from its pigeonhole was accomplished in accordance with a program previously agreed upon by Republican and Democratic leaders and with no one but the irreconcilable foes of ratification raising a voice in opposition. Thirty-four Democrats and twenty-nine Republicans voted to suspend the senate rules so that the treaty again could be considered while the Republicans all of them of the "irreconcilable" group voted against.

By acclamation, and again on the motion of Senator Lodge, the senate ordered reconsideration of its previous roll call on ratification and sent the treaty to a committee. The latter step, it was explained was taken to abrogate the cloture which was imposed last session and which Vice President Marshall held must come back into the senate with the treaty.

In asking that the committee be instructed to return the Republican reservations along with the treaty Senator Lodge declared the stipulation would not be a mere formality, but a means to get the reservations back before the senate for possible revision. When that has been done, the Republican leader is expected to propose modifications agreed on by the disbanded bi-partisan compromise conference, thus opening again the whole field of compromise discussion.

Many senators today professed to be very hopeful of ratification it was conceded everywhere that many differences still stood in the way. There were evidences also that the irreconcilable group had plans of its own to magnify these differences as much as possible.

GOMPERS COMMENT ON GILLET'S SPEECH

(By The Associated Press)
Washington, Feb. 9.—In a statement today commenting on the assertion of Speaker Gillett yesterday in an address at Springfield, Mass., that the nation faced a new problem in dealing with combinations of the employed, Samuel Gompers, president of the American Federation of Labor, hotly denied that labor was a menace to the country and charged that congress has "utterly failed" to protect the people from trusts and profiteers.

"Mr. Gillett said that congress made a fight upon the trusts," Mr. Gompers' statement said. "That kind of a fight seems to me to be a far more important one to the people of the United States than any kind of a fight to protect the people of the United States from the trusts and the profiteers."

ALEXANDRIA GREETED.

PRINCESS ANNE BROKEN IN TWO AMIDSHIPS

Old Dominion Liner Cracked and Storm Battered Abandoned Except by Two First Officers.

(By The Associated Press)
New York, Feb. 9.—Cracked and storm battered and almost broken in two amidships, the Old Dominion Liner Princess Anne, abandoned except by her two first officers, was slowly being submerged by the seas tonight, as she lay stranded off Rockaway. Unless favorable weather prevails, shipping officials declare there is little hope of saving any part of her cargo. The story of the sudden breaking up of the ship which began shortly before last midnight was told today by First Officer Charles W. Barker, commanding the skeleton crew of 44 men.

In the middle of the night, without warning the steel plating of the steamship began to give way with a rapid succession of deafening reports like a salvo of artillery. The sailors rushed on deck in panic, believing the ship was going to pieces under them.

Knowing there was no real danger and finding it was impossible to calm the panic-stricken crew, First Officer Barker and Second Officer William Heath, went among the men with drawn pistols threatening to shoot the first man who disobeyed orders.

After distress signals had been sent and the crew quitted food and hot coffee were served. Later a fishing sloop came alongside and landed the seamen and their baggage.

Both ship officers, Barker and Heath, remained aboard the ship, which is almost split in two and is filled with water except for her main deck.

The railroad administration has despatched a vessel to stand guard over the abandoned steamship and prevent the pillaging of her cargo.

The steamship and her cargo is valued at \$1,000,000.

PICK UP LIFE BOATS WITH 14 MEN

(By The Associated Press)
New York, Feb. 9.—A life boat containing 14 men from the Norwegian liner Princess Anne, picked up by the steamship Mariners Harbor, the naval communication service here was advised today by radio. The Piore was wrecked near the Bahama banks, the message stated, but the date of the accident was not given.

The Piore sailed from Gulfport, Miss., January 19 and New Orleans February 4 with a cargo of 1,582 gross tons, built in 1912.

DENVER RENTS INCREASE

Denver, Colo., Feb. 9.—Denver rents, both for residence and business properties have joined the upward movement and many tenants are receiving notices of rent increases from 25 to 50 per cent beginning this month.

GOOSE POURING LIQUOR INTO SEWERS.

Chicago, Feb. 9.—Captain Hubert Howard, Illinois prohibition administrator, announced today that he opposed pouring liquor into sewers "when it can be used advantageously by the medical profession in hospitals."

"Many dry reformers," he said, "are trying to carry their fight against liquor to an extreme."

300,000 RAILROAD MEN ORDERED TO STRIKE FEB. 17

Must Grant Increases
by Saturday to Avert
Walkout

HINES ISSUES STATEMENT

(By The Associated Press)
DETROIT, Mich., Feb. 9.—Orders directing 300,000 members of the United Brotherhood of Maintenance of Way employees and Railway Shop Laborers to suspend work at 7 a. m. Tuesday February 17, were going out tonight to the various locals of the organization.

Decision to order the men out was announced by Allan E. Barker, grand president of the organization, following a meeting today of the general chairman of the Brotherhood. The strike can be averted only if the federal railroad administration before Saturday grants wage increase demanded last summer, Mr. Barker said tonight.

"The orders have gone out," he declared, "and we would require two or three days to cancel them."

The strike in addition to wage increases requested last summer is to secure a uniform rate from coast to coast. It would affect storehouse employees; stationary firemen; steel bridge workers; cinder pit men and others as well as other members of the brotherhood.

HEALTH SITUATION IN ILLINOIS IMPROVES

Report of Director Drake Shows Epidemic Will End Ten Days—Sixteen Cases of Sleeping Sickness.

(By The Associated Press)
Springfield, Ill., Feb. 9.—Sixteen cases of "sleeping sickness" were reported to the Illinois State Department of Public Health during the week ending February 9, according to the weekly telegram sent today by Dr. C. St. Clair Drake, director of the department to Surgeon General Rupert Blue of the United States public health service.

Chicago had 14 cases, LaGrange one and Aurora one. Numerous cases of this disease have developed since the influenza epidemic and according to Dr. Drake it is an aftermath of the influenza wave. The disease which has been termed lethargic encephalitis, is being studied closely by health officers. Dr. Drake said his reports today indicated that the influenza is decreasing and he predicts that within ten days it will be at an end in Illinois.

His report to Surgeon General Blue follows:

Diphtheria—161 of which Chicago has 128; Granite City 4; typhoid fever, 14 of which Hillview has three.

Smallpox—58 of which Chicago has 20; Clismita township, Pike county 14; Bartonville 5; Elizabethtown 3; Benton 1; Bacon Creek township, Hamilton county 5; Jerseyville 3; Monmouth 5.

Lethargic Encephalitis—14 of which Chicago has 12; LaGrange 1; Aurora 1.

Poliomyelitis—2 in Chicago.

Epidemic Meningitis—2 of which Locust township, Christian county, has one; Peoria one.

Influenza—30,330 of which Chicago has 4,650.

Pneumonia—8,427 of which Chicago has 2,78.

The reports show that the influenza epidemic is now at its height in the southern counties of the state.

FURTHER OUTLAWRY ALONG BORDER TOLD

Witnesses Urge Keeping Army Prepared to Combat With Rising in Southern Republic.

(By The Associated Press)
El Paso, Texas, Feb. 9.—Until Mexico takes a less antagonistic attitude along the border the United States army must be prepared to continue its campaign against outlawry directed from centers in that country army officers from the Big Bend district today told the senate sub-committee investigating the Mexican situation.

Col. George T. Langhorn, in command of that district until recently and two of his troop commanders, Captain L. H. Black and W. V. D. Ochs, gave the committee the details of a long series of raids as well as of minor incidents that have served to increase the hatred of Mexicans for Americans.

Colonel Langhorn declared he knew of no case where the Mexican officials had agreed to cooperate with American officials. Captain Matlack is the officer who carried the ransom to the bandit Renteria and recovered the two aviators, Peterson and Davis, leaving with Renteria only \$7,500 half of the amount agreed upon. He explained to the committee that the money had been provided by civilians and that he never had been informed the United States expected to pay any part of it. The reason he assigned for failing to deliver more than half, was that after taking the first aviator out of the bandit camp he overheard two Mexicans planning to kill him and the remaining prisoner when he delivered the balance of the money.

An example of the hatred manifested by the Carranza officials toward the Americans was contained in Captain Matlack's account of an effort to secure assistance in one case of Captain Cecilio Estrella, commanding a post on the American side. Estrella struck Matlack's messenger across the face with his quirt and told him to deliver to the American army officer an insulting reply.

Estrella was subsequently killed by Mexicans who went from the Mexican side and joined a party of their own people in Mexico. He had, according to the witness just perpetrated an unusually atrocious act against the wife of the mayor of the town where he was stationed.

KOREANS REBEL AGAINST JAPANESE

(By The Associated Press)
WASHINGTON, Feb. 9.—An active rebellion in Korea against Japanese rule, fostered by the Russian Bolsheviks and characterized as "the beginning of a tremendous affair," is in progress according to official despatches received today in Washington. A recent class between 2,000 Koreans, armed mainly by the Bolsheviks and a Japanese army post in Northern Korea, the message said had resulted in the death of the Japanese, 300 of whom were killed and the remainder routed.

Other clashes with the small Japanese garrisons have occurred, the Japanese having been outnumbered and overwhelmed in nearly every case.

Dispatches have indicated for some time that the revolutionary spirit was spreading in Korea stimulated by activities of the Bolsheviks. There are additional many Chinese brigands in the Manchurian and Siberian border regions with whom the Bolshevik organizations in Siberia have shown signs of combining for the invasion of Korea.

FEDERAL TROOPS QUELL RIOTS AT LEXINGTON, KY.

Result of Mob Attempting to Lynch
Negro Murderer

SENTENCED TO DIE MARCH 1

(By The Associated Press)
LEXINGTON, Ky., Feb. 9.—Martial law prevails here today. Six hundred federal and state troops are patrolling the streets to prevent further rioting which during the day exacted a toll of four dead and fifteen wounded.

The city was quiet early tonight but authorities fear a recurrence of violence, five hundred United States troops are enroute from Camp Taylor, Ky.

Lexington and all of Fayette county was placed under martial law at 3 o'clock by Brig. Gen. F. C. Marshall upon his arrival from Taylor with 300 troops of the famous First Division, which helped repulse the Germans at Chateau Thierry.

Rioting began this morning when a mob bent upon lynching William Lockett, a negro, who confessed to the murder last week of ten federal and state troops. Lockett was fired upon with rifles and machine guns by state militiamen as the mob was storming the Fayette county court house to get the negro during his trial.

The attempt to lynch Lockett was made just after he had confessed to the murder and as the jury found him guilty of murder in the first degree.

He was sentenced to die in the electric chair March 11.

The shooting temporarily dispersed the mob and gave the authorities time to rush Lockett to a secret place of safety. The mob reformed, however, and looted pawnshops and hardware stores to get firearms.

An appeal was made to Governor Morrow for assistance and 700 federal troops arrived at three o'clock on a special train from Camp Taylor.

Lockett, arrested last Tuesday night and held in the state penitentiary at Frankfort for safe keeping was brought here on a special train this morning. Lockett, hundreds of farmers from the surrounding country arrived early to attend the trial and suddenly watched the prisoner as he was marched from the train to the court house between lines of state troopers. When the trial opened the court room was crowded to capacity. Every one was searched for fire arms before being admitted to the court house. Lockett was made to admit to the court room and congregated in the street in front of the court house.

The cry, "let's get him," from a brawny farmer on the outskirts of the crowd, turned the crowd into a mob which began surging toward the entrance to the building. Soldiers and police dropped back into close formation and trained their guns on the mob which never hesitated.

Soldiers Fired Into Crowd.

Adjutant General Dewese in command of the militiamen shouted a final warning to the crowd and then fired a revolver into the air. It was the signal for the troops to fire. Soldiers and police fired point blank into the crowd and a nearby building. The crowd was driven back from the windows of the court room above another hail of bullets scattered down on the asphalt street.

Four men fell at the first volley. The mob, which had surged half way up the steps, pressed back and broke. Quick action by the part of the authorities got the negro out of the building.

Those involved in the clash were N. C. Carrier and L. M. King, both of Lexington and John Thomas and William Edington, both of Versailles.

Failed in his first attempt against the prisoner the mob broke into small groups which said hurried visits to all the pawnshops and hardware stores in the city in quest of firearms. There were ominous mutterings on all sides. In some stores as many as fifty or sixty revolvers and guns were seized.

Groups of men congregated on the streets and sought to learn the whereabouts of Lockett. The word that regular army troops were coming spread rapidly and no further violence was attempted.

Lockett's arrest, indictment, trial and sentence sets a new record for rapidity in Kentucky. He was arrested last Tuesday night, indicted Friday and was tried, found guilty and sentenced in a few minutes today. Under his sentence he will die in the electric chair March 11.

The little Hardman girl's body was found in a corn field last Tuesday morning after she had left her home for school. Her head had been crushed in with a stone and her body partially covered up with cornstalks.

RAILROAD TROUBLES IN PROSPECT

Maintenance of way and shop employees of the railroad have thrown down the gauntlet and their leaders declare a strike will come February 17 unless their demands are met. There have been many predictions that a series of railroad strikes would come as soon as the roads go back to private hands March 1, and evidently the maintenance of way men believe that the chances for having their demands met are better now than they will be after March 1. However, it is true that these demands are not newly made. They have been under consideration by the railroad administration for a number of months past.

TWO PRESIDENTIAL PROBABILITIES

It was indicative of the harmony which reigns in the Republican party that Gen. Leonard Wood was the guest of Gov. Lowden in Springfield Sunday. Both men are known aspirants for the Republican nomination for the presidency, but that fact does not interfere with their having cordial and friendly relations. Both appeared at the state arsenal where Lincoln memorial services

were in progress, and both were roundly cheered. General Wood handled his big subject in a big way and brought the thought of Lincoln's life down to date when he said "We can best honor Lincoln by doing the things which are necessary to maintain this country, which Lincoln served, by standing firm for law and order. Every step from the constitution is a step toward anarchy."

CUTTING OUT RED TAPE

The inter-church movement has already accomplished at least one good thing. It has been determined that all red tape shall be cut and that steps will be immediately taken to give relief to the starving children of Europe. The giving of food where hunger exists is the example of a worth while kind of religion.

WHERE TEACHERS DRAW BIG SALARIES

The soviet government in one part of Russia is said to be paying teachers as high as \$5,000 a month. However, this must not be taken as giving an exaggerated idea of the soviet's appreciation of education. It's just the same old thing of having the salary measure up to the living costs. And under that same government bread is selling for \$250 a loaf. So you see, when the month is up that the teacher with the \$5,000 salary has no more left than the seemingly less fortunate one over here on a monthly stipend of \$100.

NO EIGHT HOUR DAY FOR GOMPERS

F. A. Vanderlip in a recent address expressed regret over what he termed women's invasion of industry. He was referring more to the effect on the womanhood of the country than he was upon industry itself. This address was at a meeting of the federation of business and professional women and quickly drew a reply from one of the officers of the organiza-

tion, who maintained that women are simply coming into their own in the industrial and commercial world.

There was something of a surprise when the same organization entered a protest against laws limiting the hours of labor, maintaining that this very law operated to keep women out of certain desirable lines of industry. Talking about labor and hours of labor, reminds that Samuel Gompers' secretaries have frequent cause for complaint over the hours their chief works. Mr. Gompers is a strong advocate of the 8 hour day but not as applied to himself. His secretaries say that he works every waking hour and that he sleeps but little.

WE CAN'T ALL BE INDIANS

Of course, we can't all be Indians and some of us may not wish to be. But the Indian nowadays must lead a happy life if he is getting in service what the United States government is paying for service that poor Lo is presumed to be getting.

Homer Snyder, chairman of the house committee on Indian affairs charges that the Indian bureau under Commissioner Cato Sells, now has on its payroll 6,000 employees, a number seriously near the full-blood Indian population of the country. Now these 6,000 employees do not act as valets and chambermaids to the Indians, as you might suspect—not at all. They merely hold down nice desk jobs and traveling commissions for the most part, and they keep "all wised up" about Lo and his comings and goings and doings generally and they spend millions of dollars annually in keeping the Indian cheered up and happy and themselves also cheered up and happy.

Mr. Snyder says that in 1913 the annual appropriations for the Indian bureau amounted to \$9,470,000, which is quite a sizeable sum for Indians, taking them nine run, but Mr. Sells, the commissioner, seems to have caught step with the extravagance of the age and although there are not now as many Indians in the United States as in 1913, he spent \$15,482,000 on his department in 1919 and is asking \$17,400,000 for the present year. Mr. Snyder says that Sells has wasted \$40,000,000 on the Indian bureau. Apparently the only way the taxpayers can catch up even with that kind of extravagance is to turn Indian and get some of the money.

Rippling Rhymes By Walt Mason

Spring Coming.
Soon the farmers will be farming, plowing up the bosky dells, skies will soon be blue and charming, and the breezes wearing bells. Every day is bringing nearer spring, the season we admire; and this precious thought grows clearer as I feed the furnace fire. When I'm shaking down the ashes, when I'm heaving in the

coal, this reflection goes a flashing through the fibre of my soul; and I wave the rusty poker and I slam the furnace door, for I will not need to stoke her, in the spring time, anymore. Oh, the winter winds are chilling, and they jolt us when they strike, but the springtime's calmly drilling up the dusty pike; and she's bringing birds and roses and a swarm of bumble bees; we forget our frosted noses when we think such thoughts as these. Spring is coming, gentle reader, with that luscious smile of her's, and the farmer with his seeder will be sowing cockleburrs, and we'll get up picnic parties in the sylvan dells and glades, where the happy village smarties will escort the giggling maids; and we'll be knee deep in clover, and forget our every sore for the winter will be over, and the spring will have the floor.

CITY EMPLOYEES TO MEET AT DINNER

As Guests of the Mayor—Will Talk Over City Affairs Friday Night.

Mayor E. E. Crabtree is arranging for a get-together meeting of all city employees—in fact, all men and women in any way connected with the city administration. They are to be his guests at a dinner next Friday night at Central Christian church. When all have been counted, the list runs from 125 to 150, so that it will be by no means a small gathering. Members of the city council, police and fire departments, water, light and street department workers, members of the park board and employees, and in fact, the workers in all city department, even including the traffic cops, have been invited to a supper at the mayor's expense and to talk over affairs relating to the welfare of Jacksonville.

It is no doubt Mr. Crabtree's hope that by means of this banquet those who are actively interested in the work of the city may come into a closer touch and into a clearer understanding of the purposes of this administration. At any rate, it will be emphasized that all are working for a common cause and the more that can be done for Jacksonville the better it will be not only for its employees but for the citizenship in general.

STATE STREET BANQUET PROGRAM ANNOUNCED

Fine Program Arranged for Fathers and Sons Banquet Thursday Evening—Orchestra to Furnish Music.

A program of more than usual interest is being arranged for the Fathers and Sons banquet to be given at State Street Presbyterian church Thursday evening, Feb. 12. The supper will be served at 6:30 o'clock and will be in charge of Mrs. Matthew Miller. At this banquet the boys will be the guests of their fathers.

The occasion will be enlivened by music by the Sunday school orchestra, of which Felix Parrel Jr., is the leader. The boys who play in the orchestra are Edward Tomlinson, Sheldon Nicol, Howard Nicol, Ernest Olds and Fred Bray, and they are able to furnish music which is worth hearing.

Among those who will appear on the program will be the pastor, Rev. W. H. Marbach, who will discuss "What Shall It Profit a Father if He Gain the Whole World and Lose His Son." Others who will speak and their topics are: Kenneth Danskin, "The Kind of a Father I'd Like My Father to Be;" T. M. Tomlinson, "Our Dads, or the Debts I Owe My Father;" Carl E. Robinson, "Abe Lincoln's Message to Fathers and Sons." Mayor E. E. Crabtree will make a brief address on "The City of Jacksonville and its Fathers and Sons."

The invitation to attend is not issued merely to the fathers and sons of State Street church, and all fathers and sons of the city who are not members of other churches are cordially invited to be present. And all who intend to be present at the banquet should so notify Rev. W. H. Marbach not later than Wednesday evening.

BIDS WANTED.

Bids for refreshments privileges at Nichols Park for three years will be received at the office of the secretary, Terrance Brennan, up to twelve o'clock, noon, Tuesday, Feb. 10, 1920. The board reserves the right to reject any or all bids. A certified check for one-third of bid must accompany it.

S. W. NICHOLS, President of the board.

JOHN CARL TO MAKE ANOTHER TRIP TO GREECE

John Carl of this city will leave Thursday morning for New York City and from that city he will sail Sunday on board the S. S. Belvidere for Greece, his boyhood home. This is the fourth trip which Mr. Carl has made to his native land, and is made at this time for the purpose of settling up his father's estate. Both of Mr. Carl's parents died while he was serving with the American Expeditionary Forces in France.

Mr. Carl came to the U. S. in 1909 and first located in Hannibal, Mo., where for some time he conducted a successful shoe shining parlor. It was two years later that he came to this city and opened an establishment and he has been numbered among the business men of the city ever since. He now conducts a shoe shining parlor and hat cleaning shop on the north side of the square, and this will be in charge of Thomas Cally during the proprietor's absence.

OPERETTA GIVEN AT LIBERTY HALL

Local Talent Stages Musical Comedy—Large Audience Well Pleased With Performance.

Liberty hall was crowded last evening for the operetta "The Isle of Chance," which was very successfully given by the students of Rountt college. Miss Margrate Ring proved herself a most able directress and her careful training was reflected in the work of the cast. Joe Becker, as Greed, King of Follies, C. L. Maloney, as Lord Tom O'Brien, as Captain Josephine Gebert, as Simpeltia, and E. Winn, as On-a-Grouch, did their parts especially well. Mention should also be made of the orchestra which was a big factor in making the operetta a success.

Cast of Characters.

Greed, King of Follies—J. Becker.
Lord—C. L. Maloney.
Lady—Mary Clancy.
Captain—Tom O'Brien.

WARD OFF INFLUENZA BY KEEPING IN BEST PHYSICAL CONDITION

Persons Who Catch Cold
Easily and Who are Weak
and Run Down are Earliest Victims.

DANGER IS TOO GREAT
TO TAKE ANY CHANCES

Build up Your Bodily Powers
of Resistance by Taking
Tanlac and Fortify
Against Attack.

Much of the difficulty experienced by health authorities in checking the spread of influenza lies in the fact that it spreads with almost lightning rapidity. Although state and city authorities have succeeded in keeping it under control in some sections, the disease has gotten entirely beyond control in others.

It is universally agreed by all well-informed persons that the surest preventive is to get the system into the best possible physical condition, in order to be able to throw off the infection. It has been stated that it is possible to perfect the powers of human resistance so that it can throw off almost any infection, not excepting Spanish influenza, which is generally supposed to be one of the most contagious diseases known.

Medical authorities agree that people who are weak and run-down are the earliest victims of the influenza epidemic. If you find yourself weak and losing flesh, or if you are in a generally run-down condition you are really in danger if you should come in contact with the influenza germ.

As a powerful re-constructive tonic and system builder Tanlac is without an equal. This is a statement of fact and is fully supported by recognized authorities. According to all accepted reference works, including the U. S. Dispensary, Encyclopedia Britannica, and the leading text-books used in the schools of medicine, the principal ingredients of Tanlac possess the most powerful re-constructive properties known to science. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary powers as a medicine.

Tanlac restores health and strength to the weak and run-down system by enabling every organ of the body to perform its proper function in the way nature intended. It creates a good, healthy appetite for wholesome, nourishing food, and is an ideal strengthening tonic for persons who are in a run-down condition and who are suffering from the after-effects of hard winter colds, grippe, or bronchial troubles.

Irrefutable evidence of the re-constructive powers of Tanlac is shown by the fact that it was used by tens of thousands during last year's epidemic with splendid results. One well-known Texas physician stated that he had never found anything equal to Tanlac for building up his patients who had had influenza, and that he had treated over fourteen hundred cases in one month.

In connection with the Tanlac treatment, keep the bowels open by taking Tanlac Laxative Tablets, samples of which are enclosed with every bottle of Tanlac.

Tanlac is sold in Jacksonville by Coover & Shreve; in Mercedia by Mr. R. B. Field; in Murrayville by Mr. E. Gilbert; in Waverly by Wyle Drug Co.; in Woodstock by The Hoy Pharmacy; in Chapin by John Onken & Bros., and in Alexander by Frank J. Kaiser.—Adv.

Matrimonial

Hagerty-Smith.

W. L. Hagerty and Miss Ruth Smith were united in marriage by Rev. G. W. Randle of Brooklyn church yesterday afternoon at four o'clock. The wedding took place at the home of the bride, 1509 Pennsylvania avenue.

The bride is the daughter of Mr. and Mrs. Henry Smith and has lived in Jacksonville all her life.

The groom was born and grew to manhood near Virginia, Illinois and is at present employed at the Illinois Bridge Company.

Martin-Rhodes.

Lester E. Martin of Jacksonville and Miss Mabel Louise Rhodes of this city were united in marriage last Wednesday afternoon at the residence of Rev. Edwin C. Priest of North Monroe street, Pittsfield, Ill. The young couple were attended by Miss Marie Reinbold of this city and Mr. Ulysses Fox of Jacksonville.

The bride is a daughter of Mr. and Mrs. Dan Rhodes of Newburg and is an accomplished and very popular young lady. She graduated from the Pittsfield High School with the class of '18 and was a student of Brown's Business College the past year.

The groom is a son of Mr. and Mrs. Charles H. Martin of Jacksonville. He is a graduate of the Jacksonville High School and has also attended Brown's and Illinois Colleges. He is a very fine young man and has made a number of friends in this city during his frequent visits here.

Immediately after the ceremony they left on a wedding tour thru the Northern and Eastern states. They will be at home to their friends, after the middle of March, on a farm east of Jacksonville.

SEEMS EVERYONE HEARD ABOUT IT

All Want to Try New Drug That Dries up Corns So They Lift Off

Good news spreads rapidly and druggists here are kept busy dispensing freezone, the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts off with the fingers.

A quarter of an ounce costs very little at any pharmacy, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts off without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.—Adv.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—no good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil.

You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

GIVEN UP TO DIE OF STOMACH TROUBLE

But Mr. Baker is well now. Feels like he did at sixteen.

"One year ago in September I was run down; couldn't eat, sleep or work. The doctors didn't know exactly what was the matter. Some said I had catarrhal gastritis, and others, cancer. Anyway, I was given up to die."

A friend persuaded me to try Milk's Emulsion. In 12 or 13 weeks, the soreness went out of my lungs, the pains vanished from between my shoulders, and I began to eat and sleep, and work. Also the miserable lonesome feeling began to leave me and that heavy weight in the left side of my stomach, that hung like a huge iron ball, disappeared.

"By the time I had taken 21 bottles, I could eat anything, sleep like an infant, and the old time vim came back. I felt like I did when I was 16."—Lyman Baker, Star Route, Berryville, Ark.

Get the stomach and bowels working right, and most ailments start to leave.

Milk's Emulsion is a pleasant, nutritive food and constructive medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

International Harvester Company Implements

Compare the various makes of implements today and you will find a striking similarity; as a general rule, they are based on the same principle. Yet it was inevitable that some inventive genius would perfect some implements that gives better satisfaction than others. Consequently that line gains a REPUTATION.

With the vast wealth that there is in the United States today it would be a simple matter to build factories as large as the INTERNATIONAL HARVESTER COMPANY'S factories. Yet when the time would arrive to sell their implements farmers would not buy them because they would be untried.

The INTERNATIONAL HARVESTER COMPANY'S implements have been used and tried for many years and they have fulfilled every demand made of them and consequently they have gained the desired reputation for dependability.

They are built to give years of service and are sold at reasonable prices. The company employs thousands of efficient

men to assist their local dealers in adjusting the implements thus backing the dealers and assuring the purchaser of the success of the machine.

Many farmers are now ordering their implements and repairs for spring. "Go thou and do likewise."

We have a full line of INTERNATIONAL HARVESTER repairs for mowers and binders.

We also have the most serviceable hand-made harness which we guarantee, as well as a line of oils and paints. Cream Separators, Gasoline Engines, One-Minute Washing Machine, American Fencing, and a full line of Hardware.

Mr. and Mrs. Miller Keplinger Receive Friends at Pleasant Social Function—Even Had Been Postponed From Earlier Date.

Franklin, Feb. 9.—More than 200 guests were present last night at the reception given in honor of Mr. and Mrs. Miller Keplinger. The event was planned some time ago but had been postponed for various reasons.

It will be remembered that Miller Keplinger and his French bride were married in France and returned to the U. S. a number of weeks since. Mr. Keplinger is a son of Mr. and Mrs. M. B. Keplinger, prominent residents of Franklin. The hours announced were from 7 to 10 o'clock and during that period hosts of friends of the young people called to extend their good wishes. Excellent refreshments were served during the evening.

RED CROSS PLANS EMERGENCY RELIEF

May Co-Operate With Passavant Hospital in Opening up New Rooms for Flu Patients—Executive Committee Met Monday Night.

The Morgan County Red Cross chapter is planning some special relief work in connection with the recent epidemic of the flu. This was decided at a meeting of the executive committee held last night at the public library, after the matter had been brought to attention by Chairman T. M. Tomlinson. It was suggested that the addition to Passavant hospital, which has not yet been used, can be made available for the emergency. There are 12 or more rooms which can now be heated and altho they are without furnishings, beds and bedding can be secured.

The matter was left in the hands of a special committee including Rev. W. E. Collins, H. J. Rodgers and Mrs. Keith Montgomery, and this committee will meet the executive committee of Passavant hospital and see if a plan can be quickly mapped out which will make the rooms available for flu patients.

In addition to the 12 rooms the black suggested that in many instances the patients would be able to provide their own bedding, and aid that he had seen hospitals overseas where this plan was successfully followed.

If an agreement is reached to-day it will be speedily put into effect so that relief can be given. This section on the part of the Red Cross does not mean that the situation is worse than it has been during recent days, but constitutes an effort of the Red Cross to help out the situation. For many days past it has been practically impossible to secure admission to either Passavant or Our Savior's hospital and there is a continued demand for nurses which cannot be met.

The report of Mrs. Stella Heintz, secretary, was read last night by Miss Austin, and Miss Austin presented her report as nurse in child welfare work. The report of the treasurer, W. Earl Brown was also made a matter of record. Some other business affairs were also discussed but the main subject for discussion was indicated, the special relief in the flu emergency.

Miss Austin is now devoting all her time to the Red Cross work and persons who wish to communicate with her can reach her between 9 a. m. and 5 p. m. at the Red Cross headquarters.

THOUGHT 3 LITTLE CHILDREN NEEDED MOTHER'S CARE

"My stomach suffering was so severe that I could not have lasted much longer. I did not care so much for myself but did not want to leave my three little children who needed a mother's love and care. A cousin in California wrote me about May's Wonderful Remedy and I took a course of it. It has since been entirely well. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

AUTOMOBILE MEN HELD MEETING

C. W. Jacobs Chosen President to Fill Vacancy Caused by Resignation of R. T. Cassell—Association Favors Vehicle Tax Proposed by Mayor Crabtree.

The Jacksonville Automobile Dealers' Association held their regular monthly meeting Monday night at the Pacific Hotel, presided over by a six o'clock dinner which was admirably served and greatly enjoyed. Following the dinner the regular order of business was taken up. Owing to press of personal business R. T. Cassell tendered his resignation as president, which was accepted with many expressions of regret. C. W. Jacobs was chosen as president of the association to fill out the unexpired term.

Mayor Crabtree was the guest of the evening and was asked to address the meeting. He said among other things:

Fumigators and Disinfectants

Perhaps the doctor told you to fumigate the house or maybe some one has been sick at your place and you realize 'tis necessary to do so, or you are going to move soon and you would like to disinfect the new home before you move in.

If You don't Know What to Use

Organization Counts.

"Organization is the best thing in the world, for any business. The advent of the automobile has revolutionized the business of the world; every line has been affected by it. Meetings such as this are desirable as they bring out individual thought, effect stabilization and success. "Your organization and its cooperation with others should bring good to every auto owner in Jacksonville and this community because it will bring to pass those things most desired by auto owners—better roads, better streets and a better city. I believe that we now have our city going ahead in good shape. I am proud of the universal support given me and to our council, and if your association will give us your whole hearted help we shall make things more satisfactory."

"One of the things I want most to touch upon tonight is the necessity for some sort of a wheel tax which will include automobiles, trucks, wagons, and in fact every class of propelled or drawn vehicle. It has been thought in the past that we could not have such a city tax, but I find we can. I am not fond of special taxes, but it is a question of what is the best thing to do. To have a city such as we all desire, in the face of constantly increasing costs, we must have more money. The city's revenue from regular taxes is about \$51,000. Fines, present license fees, etc., bring that up to about \$54,000. During eight months of this present city administration every possible saving has been effected, yet we have run about \$13,000 behind. Had we been paying ourselves salaries it would be much more. This coming year taxes will increase to about \$85,000 which will absorb this deficit."

More Revenue Needed.
"But our city is demanding better streets, better crossings and many other things of this nature. We must have additional revenue with which to pay men to do this work. I have proposed an auto and wheel tax and want your association's approval. Every cent of income from such source must and will be spent on street work. Other cities all around us are doing just this."

"There are about 900 autos alone in Jacksonville and a yearly tax of say \$5.00 would give us about \$4,500. This together with other wheel tax should give us a fund for a street maintenance that would be worth while. Better streets would mean an actual saving, to every auto owner of

much more than any upkeep tax asked.

This applies also to owners of wagons and carriages."

Following a general discussion of the merits of Mayor Crabtree's proposition the Automotive Dealers' Association went on record as being in favor of such a wheel tax to cover autos, trucks, wagons, etc., the revenue to be used strictly for the upkeep of the city's streets; and also that they were back of the present city administration in its evident endeavor to give the city the things it needs and should have at this time for its betterment and progress.

CHAPIN GLEANERS IN REGULAR MEETING

Mrs. William Fry Entertains Members of "Gleaners" Class—No Church Services Sunday on Account of Flu Epidemic—Other Chapin News.

Chapin, Feb. 9.—Miss Ruth Senteney has been spending a few days with home folks, her school having been closed on account of the flu.

The "Gleaners" met at the home of Mrs. Will Fry on Tuesday afternoon for the regular meeting. The afternoon was greatly enjoyed by all.

Word has been received that Mrs. James Guinane is resting as easily as can be expected.

Charles Taylor, Sr., was called to Baylis Wednesday by the illness of Mrs. Taylor's mother. Mrs. Taylor was not able to go, as she had been on the sick list since coming from the south.

Mrs. Andrew Allen was visiting relatives in Winchester a few days the past week.

Bernard Allen visited over Sunday with home folks.

Miss Johanna Onken visited relatives Saturday and Sunday. Miss Mary Harrison of Columbia City, Ind., visited with her over Saturday and Sunday.

Mrs. Hanna and Miss Gladys Knopp entertained at a 1 o'clock luncheon Saturday. Covers were laid for sixteen and a five course luncheon was served. The afternoon was spent playing 'progressive razzle'.

There were no church services Sunday on account of the flu. There are a number of people of the sick list.

Deaths

Garrett.

W. W. Gillham received a telegram yesterday from G. H. Garrett of Lafayette, Ind., announcing the death of his son, Harold Garrett, which occurred there yesterday morning. Mr. Garrett will be remembered by many here when he was employed at the Gillham Undertaking parlors.

Houston.

The remains of Mrs. Mary Houston arrived in the city over the Burlington Monday afternoon from St. Paul, Minnesota, and were taken direct to Calvary cemetery where interment was made. Three sons of the deceased accompanied the remains.

Walsh.

Miss Margaret Walsh died at the residence of her sister, Mrs. John Doolin, Monday afternoon at 4 o'clock Monday morning of pneumonia after an illness of several days.

Deceased was the daughter of John and Bridget Walsh and was born near this city 34 years ago. She leaves the following brothers and sisters: John Walsh and Michael Walsh, Jacksonville; Mrs. Katherine McGrath, Murrayville; Sister M. Gildard, St. Louis; Sister M. Bertrand, East St. Louis; Mrs. John Doolin, Jacksonville.

The remains were removed to the undertaking parlors of J. H. O'Donnell and prepared for burial. Funeral services will be held at 3 o'clock this morning at the church of Our Savior with interment in Calvary cemetery.

White.

Fred White of New Berlin passed away at Passavant hospital at 2:30 o'clock Sunday morning after a week's illness.

Deceased was a well known resident of New Berlin. He is survived by his father, William White, and five brothers and four sisters, George, Robert, Lawrence, Joseph and Edward White, Mrs. Joseph Scapleton, Waverly; Mrs. Margaret Frank, Mrs. Katherine Cole and Miss Frances White.

The remains were removed to the undertaking parlors of J. H. O'Donnell and prepared for burial. Funeral services were held from St. Mary's church, New Berlin at 9:30 o'clock Monday morning. Interment was in the church cemetery, the bearers being David Sheppard, John Brehm, Godfred Smith, Frank Lehigh, William White, and John Rehart.

Correa.

George W. Correa, a life long resident of Jacksonville passed away at 6 o'clock Sunday morning at the home of his mother, 140 Pine street. Death was due to pneumonia.

The deceased was a son of Mr. and Mrs. Joseph F. Correa, and was born here Feb. 22, 1883. He received his education in the public schools, and at the close of his school days entered the employ of J. Capps & Sons, learning the weaver's trade. With the death of his father eight years ago, he resumed the business of his parent in truck gardening, and was very successful in this line of work. He had just completed a large green house, and was overseeing the spring planting.

He was a member of Central Christian church. Owing to illness of other members of the family, with the exception of the youngest brother, funeral services will be held at Gillham's undertaking parlors this afternoon at 2:30. Rev. Myron Pontius and Rev. Walter E. Spoonst will direct the service.

Surviving are the mother, Mrs. Joseph F. Correa, Frank U. Correa, Mrs. William Tiff, Mrs. Charles Hopkins, Mrs. Henry Gudekunst, Mrs. Lambert Taylor, Ada, Otis and Alonzo Correa of this city, and Ben Correa of Hanover, Ill.

FARMERS SHOW INTEREST IN WORK

One Hundred and Seven More Members Secured Monday for the Agricultural Organization.

A hundred and seven names were added Monday to the roll of the Morgan County Farmers' club and the Illinois Agricultural association. The canvassers reported last night to County Agent Kendall that forty-five names had been secured in E-I-I where George Dietrich is the chairman, and 62 names in 14-8, where M. A. VanWinkle is the chairman. A complete record of the canvassing done during the seven days of the campaign is not yet available, but it is known that something like 480 farmers have signed the membership cards. It can be safely said that the campaign is moving satisfactorily along.

WILL HOLD CONFERENCE TONIGHT.

Rev. Louis Starbuck of Peoria will come to Jacksonville today and will make an address at 6 o'clock at a supper to be given at the First Baptist church. Pastors and lay representatives from each of the churches will be present. The visitor is manager of city survey work in the inter-state movement.

Y. W. C. A. HELD CANDLE LIGHT SERVICE.

The Y. W. C. A. of Illinois College met yesterday afternoon at Academy Hall. The service was a candle light service led by Miss Elaine Thibault, president of the society. Mrs. Langton read several poems. Miss Mabel Forrester favored them with a violin solo and Miss Bowman of the public library told a number of stories.

CHILD SUFFERS PAINFUL INJURY.

Georgiana, little daughter of Mr. and Mrs. George O'neal, fell Sunday and inflicted a painful cut on her head. Dr. A. M. King attended the injury and no serious results are anticipated.

MRS. JOHN McAHAN
DIES IN ST. JOSEPH
FROM PNEUMONIA

Remains of Pioneer County Woman Will Be Brought Here for Funeral Service and Interment.

Mrs. Margaret A. Mcahan, widow of the late John Mcahan, who was a veteran insurance dealer of Jacksonville, died at two o'clock Sunday morning at the home of her son, E. B. Mcahan, at St. Joseph, Mo. Telegrams announcing the death with brief instructions for the funeral, which will be held here, were received during the morning.

The aged lady had always been complimented upon her active-ness, and was not confined to her bed until a week ago. She was stricken by an attack of pneumonia, and her mortal illness was brief.

The decedent came from a pioneer family of the county, and in one sense, was a pioneer herself as she was born 77 years ago. Mrs. Mcahan was born on a farm near Arnold, a daughter of John and Sarah J. Gorman. Practically all her life was spent in her native county. However, twelve years ago she went to St. Joseph to reside with her sons. She had often returned to visit relatives and friends here.

Her husband was the possessor of a wide acquaintance, which she also enjoyed. Mrs. Mcahan devoted much of her life to church work, and was an active member of Central Christian church during her residence in Jacksonville. She was loved for her kind and charitable spirit.

The husband of the decedent has been dead twenty-two years. Surviving are her two sons, John G. Mcahan, an insurance dealer, and Edward Mcahan, a jeweler, both prominent residents of St. Joseph; two sisters, Mrs. Roxanna Benson of this city, and Mrs. Laura Smith of St. Louis; one brother, Stephen Gorman, of this city. She also leaves hosts of friends to mourn her loss.

The remains arrived in the city Monday morning, accompanied by E. B. Mcahan and son, Earl. Funeral services will be held at two o'clock this afternoon at Central Christian church. Rev. Myron L. Pontius officiating. Interment will be beside her husband in Diamond Grove cemetery.

Sketch of Life.
Margaret T. Gorman was born on a farm in Morgan county, Illinois, March 6, 1843. She was the daughter of John and Sarah Gorman, pioneers of Morgan county.

On Dec. 22, 1863, she was married to John R. Mcahan, so well and favorably known and remembered as the nestor life insurance agent of central Illinois for the Equitable Insurance Company. Mr. Mcahan died in 1896, while a resident in this city.

Mrs. Mcahan after the death of her husband went to live with her son, John G. Mcahan, at St. Joe, Mo., where for twelve years she has been mother and grandmother to that family.

Mrs. Mcahan in her girlhood days embraced the Christian faith, as taught by the Christian church, and for more than sixty years has been a devout Christian. She was a life member of the W. C. B., of M., in which work she was active until the end came. Mrs. Mcahan was a great lover of her church and her God.

The Mcahans will be long remembered by their many friends in Jacksonville as the best friends and most useful people of the community. Many will remember the vast concourse of friends that was in attendance at the funeral of John R. Mcahan, as held at the Christian church in this city on Sunday, June 26, 1896, perhaps the largest funeral procession that was ever seen in this city.

GRIP, INFLUENZA

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive.

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and snuff the mixture up the nose. This treatment sets up a wall of defense against "Flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easy and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. It is very easily prepared, and there is nothing better for coughs into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and disappear. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

FOREIGN EXCHANGE

CONDITIONS BETTER
(By Associated Press.)
NEW YORK, Feb. 9.—Nervousness was the dominant note sounded by today's apathetic stock market, prices recording progressive reactions after the firm opening, but rallying irregularly when money eased in the last hour.

Foreign exchange and local money conditions were unmistakably better the London rate retaining most of its recent recovery, while call money was freely offered at eight per cent after opening at 14 per cent.

Last week's clearing house statement showed further material reduction of loans and discounts; but reports from the principal reserve centers disclosed additional impairment of cash holdings.

Some stocks were carried under last week's lowest quotations, shippings displaying conspicuous weakness as a result of selling impelled by the belief that they are likely to suffer severely from any further curtailment of foreign trade.

Motors, oils, leathers, tobaccos and an admixture of unclassified issues embraced the other heavy stocks, but covering by shorts in equipments led the final recovery. Sales amounted to 775,000 shares.

The general bond market was hesitant, minor reactions predominating in investment issues, the liberty group and international. Sales (par value) aggregated \$13,850,000.

COUNCIL PASSES TAX LEVY ORDINANCE

Was Adopted at Regular Session Monday Evening—Council Discusses Number of Matters.

At the regular meeting of the city council held Monday evening the tax levy ordinance for the ensuing year was adopted.

The council indulged in a great deal of discussion of a number of matters among them proposed switch to the south end pumping station. Mayor Crabtree extended an invitation to the members of the council to be his guests at dinner at Central Christian church Friday evening. This invitation has also been extended to all of the employees of the city. Its purpose is to have the employees and the city council get acquainted and to impress upon the employees their duties as citizens.

The Proceedings
When the clerk called the roll it showed all members present except Ald. Graff, Mayor Crabtree presiding.

The minutes of the last regular meeting were read and approved. Mayor Crabtree said that E. H. Gray had seen the action of the city council relative to cars of the street railway company blocking the sidewalk in East State street. Mr. Gray told him he had remedied the matter and ordered a brick walk built north of the walk from which passengers could alight and enter cars.

The matter of sewers was brought up and action deferred until the special committee has an opportunity to work out some plan.

Ald. Moore reported that H. H. Summers' sexton of Diamond Grove cemetery was seriously ill of pneumonia.

Ald. McGinnis reported that he had seen Otis Hoffman about putting children on streets where he had been unable to lay walks before winter set in and Mr. Hoffman seemed very willing to comply with the council's request.

Officials Confer About Switch
Mayor Crabtree reported that A. E. Lee traffic manager of the Alton had been in the city Monday consulting the city officials about the switch track at the south end pumping station. Mayor Crabtree said that he believed the matter would be worked out satisfactorily.

An ordinance was ordered drawn for a sidewalk on the east side of Hardin avenue between Morton and Superior avenues.

The Tax levy ordinance was given a second reading and adopted.

The bonds of Frank Kiloran, chief of police, in the sum of \$3,000, with M. C. Hook, Henry Frisch, Thomas Duffier, sureties; J. E. Pires, sexton Jacksonville cemetery, in the sum of \$1,000 with E. M. Dunlap and John H. Russell as sureties; John McGinnis, patrolman, in the sum of \$500 with James McGinnis and John M. Breen as sureties; William Cathwood, engineer of the fire department in the sum of \$1,000 with C. L. York and H. J. Rodgers as sureties, and Frank Baker, patrolman in the sum of \$500 were presented and approved.

Discuss License Fees
Mayor Crabtree and the aldermen discussed license fees at length and it was the sense of the council that this matter be worked out later and an ordinance drafted.

Ald. McGinnis called attention to the pavement buckling up back of the Pacific hotel. Superintendent of Streets White said it was characteristic of wood block pavement and that it would settle as soon as it dried out.

George Stoldt thanked the council for making it possible for him to attend the electrical convention in St. Louis. Mr. Stoldt said he had gained much valuable information.

This led up to a discussion of an inspector of wiring. The question was discussed at length and Mayor Crabtree pointed out that wiring inspection would result in a lowering of insurance rates in the city.

Will Dine With Mayor
Mayor Crabtree announced that he had invited all of the employees of the city to be present at an informal dinner at Central Christian church on Friday evening, February 13.

Mayor Crabtree extended the invitation to the council at this time said he had written a letter to the heads of the various city departments to notify their men of the event. The mayor explained that it was a sort of a get together meeting for the purpose of exchanging ideas and getting acquainted. The invitation was accepted unanimously.

There being no further business the council on motion adjourned.

MURRAYVILLE MAN

BUYS LOCAL PROPERTY

C. H. Story has recently closed a deal whereby William Edwards of the Murrayville neighborhood becomes the owner of a 15 acre tract of land on North Findley street, formerly the property of Fred Tendick. The new owner will take possession March 1 and will at that time remove his household goods to this city.

The land which has just changed ownership as noted above, lies north of the Wabash tracks. There is a substantial house on it and Mr. Edwards and family will have a comfortable home there.

INSPECTED GROUND FOR PROPOSED SWITCH

Traffic Manager of Alton Here for Conference With City Officials.

A. E. Lee, traffic manager of the Chicago & Alton railroad came to Jacksonville Monday to discuss various matters relating to the proposed switch to the south end pumping station. Mr. Lee was accompanied by District Agent Mann of Springfield and after their arrival at noon Monday they went at once to the site of the proposed switch, accompanied by Alderman Chapin and D. C. Diltz, local agent for the C. & A.

As mentioned before, there have been some objections on the part of the railroad to the construction of the switch on the claim that the track at that point is slightly down grade and that there would be an element of danger in the switch construction.

Mr. Lee after inspecting the ground was in conference with Mayor Crabtree and other city officials. While there was no definite agreement, it can be stated that there are excellent prospects for a satisfactory adjustment of the matter. Mr. Lee will of course make his report to Federal Manager Beird in Chicago and an early decision in the matter is expected.

NAMING THE LAKE

Mr. Editor:—Although we outsiders are barred from voting and paying tax in the city, we are not barred from visiting the city—spending our money, and taking a keen interest in city affairs. We may be barred from suggesting a name for the new lake but thought we would take a shot anyway.

We suggest "Lake Minnehaha". Minnehaha is an Indian word meaning "Laughing water". Our claim is threefold.

First—It is a beautiful word. Second—It is classic. Third—It is very appropriate. Respectfully,

J. G. PATTERSON

THE FREE KINDERGARTEN

The board of the Jacksonville kindergarten held a session yesterday and a number of interesting reports were made. The kindergarten is being operated this year at the Lafayette school.

The quarters there are ample but the location is not the most desirable in the opinion of the directors. The school is so far from the center of population that the kindergarten advantages are not available for the children of the first third wards. The kindergarten has done excellent work thru a period of years and has been made possible by the continued efforts of those who are interested in the work.

MILLIKIN WILL PLAY TONIGHT

Old Foe of Illinois Will Be Opponent at David Prince This Evening—Visitors Are Strong—Illinois Handicapped by Illness.

Millikin, Illinois' ancient foe will play the blue and white here tonight in David Prince gymnasium.

The visitors are considered the strongest team in the Little Nineteen and have not been defeated this year. The Millikin five was rather disorganized last week when Poscove and Young were both out because of illness. However, the Decatur Review of Sunday contained the "Cheerful" news that both of these men would be in the games this week with Illinois and Eastern Normal.

On the other hand Illinois will be in the worst shape of the season when she meets Millikin tonight. Illinois had bright prospects and while she might not have defeated Millikin she would have let her know she was in a real basketball game if Coach Harmon could have put his strongest line-up in the field.

All season Illinois has been lucky, not a man being out of the game because of illness. Then it hit Harmon all in a bunch. Last Friday the coach thought he had a real basketball squad. Yesterday he wondered if he had been dreaming.

The first solar plexus to hit the coach was the news that Jones, the nifty little guard was down in his studies and out for the remainder of the season. As if that was not enough, Cully and Mutch both came down with the prevailing complaint.

However, Harmon hopes to play Cully and Mutch for a part of the game tonight as both seem to be over their indisposition which was very mild. But both men are weak and will not be able to play up to their usual form.

Harmon is well fortified with forwards and an extra center. However, with Jones out, Davis is the only back position man available. The coach said last night that Illinois would give Millikin the best she has and will make them play all the time.

The probable line-up at the start of the game tonight will be Cully, Antrobus, forwards; Tomlinson, center; Mutch, Antrobus, guards. The game will start promptly at 8 o'clock. McCord of the University of Illinois will referee.
